PEDiATRICS GRAND ROUND
COMMON AND LESS COMMON CAUSES OF PEDIATRIC RED EYE

Speaker: Sunju Park, MD
Associate Residency Program Director
Assistant Professor Pediatric Ophthalmology & Strabismus
Department of Ophthalmology & Visual Sciences
Montefiore Medical Center/Albert Einstein College of Medicine

Tuesday, February 25, 2020
8:00 AM – 9:00 AM
Montefiore Nyack Hospital
Cafeteria Conference Room

TARGET AUDIENCE
Pediatricians, Nurse Midwives, Pediatric RNs and Medical Students

LEARNING OBJECTIVES
At the conclusion of this activity, participants will be able to:

- Identify various causes of the pediatric red eye.
- Compare treatment options for multiple causes of the pediatric red eye.
- Have a better understanding of the optimization in the management of the pediatric red eye.

Montefiore Nyack Hospital is accredited by the Medical Society of the State of NY (MSSNY) to provide continuing medical education for physicians. Montefiore Nyack Hospital designates this live activity for a maximum of 1 AMA PRA Category 1 credit(s)*. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Montefiore Nyack Hospital relies upon participants/planners in its CME programs to provide educational information that is objective and as free from bias as possible. In this spirit, and in accordance with the guidelines of the Medical Society of the State of New York and the ACCME Standards for Commercial Support*, participants/planners are expected to indicate any commercial relationship that might be perceived as a real or apparent conflict of interest. Participants/planners are also required to indicate any discussion on products that are unlabeled or for investigational use.

All participants/planners have signed a disclosure statement indicating that they do not have any financial arrangements or affiliations with any commercial entities whose products, research or services may be discussed/distributed at this CME Program.

This lecture is sponsored by Montefiore Nyack Hospital.
