12TH ANNUAL
STROKE SYMPOSIUM
Thursday, May 14, 2020
7:00 AM - 5:00 PM
Double Tree Hotel
425 East Route 59
Nanuet, NY 10954

REGISTRATION: Montefiore EEDS system - www.eeds.com/live/727740

GOAL
Multidisciplinary health care professionals will gain a better understanding of the overall management of the acute stroke patient, thereby improving the delivery of care to stroke patients.

LEARNING OBJECTIVES

Physicians:
• Discuss team based best practice in acute management/treatment for ischemic and hemorrhage stroke.
• Develop processes related to stroke interventions for use across the team care continuum to improve patient care and community outcome.
• Establish best practices to facilitate interdisciplinary care management and treatment forstroke patients.
• Identify team based best practices for acute phase of care for stroke patient population and treatment options for unique populations.

Nurses
• Develop an awareness of current evidence-based research on secondary stroke intervention.
• Improve recognition of early stroke signs and symptoms and processes related to early and timely team intervention for stroke patients.
• Identify team based best practices for acute phase of of care for stroke patient population and treatment options for unique populations.

INTENDED AUDIENCE
MDs, PAs, DNPS, FNPs, NPs, RNs, PharmDs, Paramedics, EMTs & Undergraduate Nursing Students

COURSE FEES
